

NEWSLETTER OF THE SHELAHAV CHILD'SPACE COMMUNITY

Issue No.2 April 2026

Dear community,

We are happy to continue sharing updates and news from the world of the Shelhav Child'Space community.

At the end of January, we held a commemorative event honoring the legacy of Dr. Chava Shelhav.

The event took place at the Wingate College in Israel, in the presence of family, friends, and colleagues, along with online participants of community members worldwide.

A heartfelt thank you to everyone who contributed to the event—through preparations, collecting and sending materials, developing content, organizing, and simply being present. The event allowed us once again to learn from Dr. Shelhav and to experience moments of her magic.

We will soon compile all materials; the recordings, videos, and greetings and will be happy to share them with you.

Warm gratitude to the members of the Pedagogical Council !

In October of 2025, upon the request of the Child' Space Association Board, a Pedagogical Council was established to assist in development of educational matters pertaining to the future of the Method.

A total of 21 volunteer members are now serving in this effort, drawn from Educational Directors, Senior Trainers, Trainers, Assistants and Organizers of previous Child' Space trainings.

Additionally, many of the members attended a recent Zoom presentation on fundraising arranged by Child' Space practitioner and Assistant **Monja Bonzaier**. This featured **Bruce Tait**, a professional fundraising consultant from Scotland, who is assisting Monja in her work in South Africa and volunteered to meet us.

We would like to take this opportunity to send our deep appreciation to the members of the Pedagogical Council who's dedicated contribution is trully an asset to the future of the Child' Space method.

This is an ongoing process, we will send updates with more details.

Stay tuned !
