

SHELHAV CHILD'SPACE NEWSLETTER

Issue No.3 September 2026

Dear Child'Space Community,

We are happy to continue sharing news, updates, and stories from the world of the Shelhav Child'Space community.

At the end of July 2026, we held a special online gathering to mark one year since the passing of Dr. Chava Shelhav.

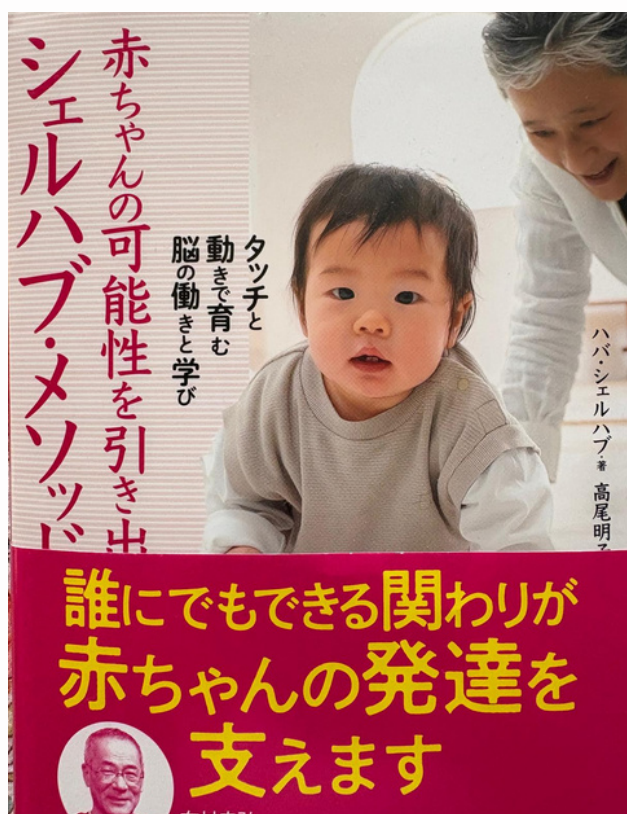

The gathering brought together members and representatives of our International community . It was a meaningful and moving opportunity to come together and honor the memory of our dear Chava.

From the bottom of our hearts, we thank everyone who took part in the gathering, those who helped prepare it, and all those who generously shared memories, thoughts, and meaningful moments with Chava and with her unique and inspiring spirit.

In blessed memory

The book ' *Child'Space: An Integrated Approach to Infant Development Based on the Feldenkrais Method* ' has been translated into Japanese - with 1,500 copies already sold!

Akiko Takao:

"I feel greatly privileged to be part of this project."

Akiko initiated and led the book translation project together with a group of colleagues from Japan and Switzerland.
